TO THE DIRECTOR

The title of this chart is a nod to the lyrics to Gershwin's *I Got Rhythm* as is the ever-popular chord structure. While this chart shines the spotlight on the rhythm section, there is plenty for the rest of the band to sink their chops into. The tune is intended for a brisk tempo that feels light and effortless. Therefore, it is important not to play it any faster than is comfortable, lest it feel hurried and fragile. It may help to approach the A section in cut-time in order for the feel to be more relaxed and natural.

There is an opportunity to extend the piano solo at measure 33 with an optional repeat. After the piano solo, the pianist takes a break while the saxophones dig into a blistering soli. Again, the cut-time approach may be effective here. Following the bass/drum solo, some care needs to go into the tutti at measure 153, being cautious not to overblow on any of the unison sections.

The rhythm section soli is arguably a unique thing in the big band repertoire, and this one will give your players something to take home and practice. Again, the key is to keep the feel buoyant and light. As a matter of fact - except for a few specific moments, this chart should never come across terribly loud.

The skills to show off here are finesse and dexterity, not power and volume. Keep the spirit of Gershwin's original as you approach this chart, and most of all - have fun!

SoloMate recordings are available at kendormusic.com for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at www.kendormusic.com.
