## TO THE DIRECTOR

A perfect choice to balance your concert program, this buoyant, medium-tempo swinger evokes classics like *L'il Darlin'* and *Cute*.

Sensible ranges and a fair amount of repetition should make this chart come together quickly, which will allow you to focus on the nuances, and the overall mood of the piece. The tune is meant to resemble the feeling of going for a leisurely walk and allowing one's mind to go where it pleases. This can be translated into music by ensuring that dynamics aren't overblown, and the rhythms are kept light and buoyant throughout. The articulations will help to contour the phrases and keep forward motion going.

During the ensemble shout, take care not to rush the triplets. Do feel free to apply contour dynamics to the phrases, but don't exaggerate them. The key is to make it sound as natural as possible.

The drummer is the backbone of the chart throughout, and the handiwork in the introduction and coda bookend the solid time-keeping that centers the band in the ensemble sections. The drummer shouldn't attempt to catch every notated ensemble cue, and instead should treat them more or less as a guide to be complemented.

SoloMate recordings are available at [kendormusic.com](http://kendormusic.com) for new Kendor and Doug Beach releases. This innovative resource lets students practice their solos by downloading professionally-recorded rhythm section accompaniment tracks. A full recording of this chart can be downloaded at [www.kendormusic.com](http://www.kendormusic.com).
