EXTRA SCORES & PARTS AVAILABLE

TO THE DIRECTOR

This chart utilizes a variety of rhythmic figures commonly used in rock and funk charts. It can be played by as few as 9 players and is expandable to full big band instrumentation. The title is derived from the "stop and go" feeling in the rhythm section parts.

It is important to follow the metronome marking closely. Observe all articulation and dynamic markings to give the piece a lively performance.

Rhythm sections with more experience should feel free to use their own voicings and comping rhythms, though following the written parts works nicely as well.
