Jazz en la Playa

(Jazz on the Beach)

"Jazz En La Playa" is a solid, authentic, and accessible salsa original. The composer channeled his love for Latin music for this exciting chart that is sure to appeal to players and audiences alike. The title translates to "Jazz at the Beach", referring to the California State University Long Beach jazz program.

To achieve a genuine rendering of the salsa style, rhythm section parts are completely notated. Melodic material is evenly distributed to the horn sections and the chord changes during the solo section are very hearable. Trumpet range extends to D6 and Trombone to A4. For optimum results, closely follow articulations to produce a lively interpretation of the music. A few strategically placed 3/4 measures add interest to this well-conceived chart. This would be an ideal chart to add Auxiliary Percussionists, such as Congas, Bongos, and Cowbell. Have a great time with this chart!
